

AN AmSpec Group COMPANY

## Certificate

according to the  
**Revised Renewable Energy Directive (RED III)**

(Directive (EU) 2023/2413 of the European Parliament and of the Council of 18 October 2023  
amending Directive (EU) 2018/2001)

**Certificate Number: EU-ISCC-Cert-ES216-20254036**

### CGN CERTIFICATION

Avda. Rodrigo de Mendoza nº 72  
36600-Vilagarcía de Arousa, Pontevedra, Spain  
certifies that

### C.I. ECOGRAS COLOMBIA S.A.S.

Calle 37 B #43A- 52, 055412  
Itagüí, Colombia

complies with the requirements of the certification system

### ISCC EU

(International Sustainability and Carbon Certification)  
and the requirements of the RED III.

**This certificate is valid from 20.06.2025 to 19.06.2026.**

The site of the system user is certified as:

Collecting Point

Trader With Storage

Vilagarcía de Arousa, 20.06.2025

Place and date of issue

Stamp, Signature of issuing party

The issuing Certification Body is responsible for the accuracy of this document.  
Version / Date: 1 (no adjustments) / 20.06.2025

## Annex to the certificate:

### Sustainable materials handled by the certified site

(This annex is applicable for all scopes except Trader, Trader with storage, Warehouse, Logistic centre, MTBE and ETBE plant)

This annex is only valid in connection with the certificate:

**EU-ISCC-Cert-ES216-20254036 issued on 20.06.2025**

| Input material                                                                                                                                                                                                                                                                                                                                                                                                                                         |                  | Output material                                |                  | GHG option <sup>1)</sup> | Criteria of raw material certification <sup>2)</sup> | Add-ons (voluntary) <sup>3)</sup> |

|                                                                                                                                                                                                                                                                                                                                                                                                                                                        |                  |                                                |                  |                          |                                                      |                                   |
| * Please indicate which scope(s) handle the material in case the certificate covers more than one scope. This does not apply for the following scopes: Trader, Trader with storage, Warehouse, Logistic Center, MTBE and ETBE plant                                                                                                                                                                                                                    |                  |                                                |                  |                          |                                                      |                                   |
| 1) 1: Default value<br>2: Actual value<br>3: NUTS2 value or "NUTS2-equivalent" value. A "NUTS2-equivalent" value is a GHG value for cultivation in a "NUTS2-equivalent" region of a country outside the European Union (values are implemented by the European Commission). Option 3 is only applicable for the level of cultivation, i.e. for first gathering points, farms/plantations, central offices (group of farms or independent smallholders) |                  |                                                |                  |                          |                                                      |                                   |
| 2) A: The raw material meets the definition of waste or (processing) residue according to the RED III<br>B: The raw material complies with the relevant sustainability criteria according to Art. 29 (2)-(7) RED III                                                                                                                                                                                                                                   |                  |                                                |                  |                          |                                                      |                                   |
| 3) ISCC EU add-ons (voluntary application, see <a href="http://www.iscc-system.org">www.iscc-system.org</a> for further information): <ul style="list-style-type: none"> <li>202-04: Food Security Standard</li> <li>202-09: EU Deforestation Regulation (EUDR)</li> <li>205-03: Non GMO for food and feed</li> <li>205-04: Non GMO for technical markets</li> </ul>                                                                                   |                  |                                                |                  |                          |                                                      |                                   |
